D&S

DODDS & SHUTE B CORP PRODUCT CATALOGUE

WHO WE ARE

We are a design-led procurement company, dedicated to sourcing the most sustainable furniture and lighting. We have been a certified B Corp since 2022, recognising our commitment to work with manufacturers making products that don't cost the earth and that support people.

WHAT IS B CORP?

B Corp certification shows that a business meets high governance, social, and environmental standards, has made a legal commitment to stakeholder governance, and is demonstrating accountability and transparency. B Corps undergo verification every three years to recertify, ensuring a commitment to continuous improvement.

We are proud to be part of +2,000 UK businesses who have joined the movement towards collective action, using business as a force for good.

B CORP MONTH: GEN B THEME

March is B Corp month! This year's theme is Gen B: A movement of individuals driving business with action, inspiration, and a commitment to doing better, together.

To celebrate B Corp month, we are showcasing some of the products from B Corp manufacturers that we know and love.

ASTEP

Astep, Timeless inventions

Founded in 2014 by Alessandro Sarfatti, Astep creates timeless designs that blend past familiarity, present relevance, and future innovation, with a commitment to circular design - crafting products built to last, be loved, repaired, and only recycled as a last resort.
